

Looking for a Housemate

I am Christy Ferland, a 25 year old with Down Syndrome. I have lived in my own house at on Salmon Creek Road in Williamson for 3 years and have a self directed budget. The house was built just for me (and one or 2 roomates) and is next door to my parents home. I had a housemate that just moved out in order to be closer to her family so I am looking for someone new.

I love to cook and draw. I enjoy going to the park on walks and working out at the Ontario Rec Center. I go to art and music classes twice a week and also enjoy horseback riding. I do my own shopping and take care of just about everything around the house with the help of my exceptional staff. I am non verbal, but I really communicate very well. I would love to have a roommate that wants to share mealtimes and watch movies together. I love my independence and am willing to try new things.

If you would like to come for a visit or have any questions, please call my mom: Cindy Ferland 315 398-2191.
