

I am a 32-year-old looking for a roommate. I'd like to find another female near my age who is quiet, easy going, interactive socially and yet maintains her own space. Ideally I would be interested in developing a friendship, doing things together in the community and sharing household chores.

I like to socialize and have a good sense of humor. Some interests I have are movies and local events such as festivals and concerts. I also enjoy dining out and shopping. I like maintaining a healthy life style including eating healthy and exercising on a regular basis.

I cannot have pets due to allergies.

I work weekdays in Fairport and am seeking to live in or near the Fairport / Perinton area.

My family will remain actively engaged in my life and they would want the roommate's family to do the same. I'm part of OPWDD's Self Direction. A roommate who is also in a Self Direction program would be helpful for budgeting and coordination of services.

Would want to share in all household expenses such as once a month cleaning, snow plowing, etc.

I am looking forward to meeting with those who may be a good fit. To discuss further details contact me via my e-mail: [hiscarblue@gmail.com](mailto:hiscarblue@gmail.com)
